

### Freestanding Dishwasher

## **MDWEF936WW**

EAN: 4048164121168

Freestanding dishwasher, 45 cm wide, energy efficiency class E\*, 9 place settings, 2 layers baskets with cutlery basket, unloaded adjustable upper basket, aqua stop, delay start

9 Settings

49 dB

Delay start

Program diversity

99.9%

#### Anti-bacterial filter:

Prohibited more than 99% of the bacteria on the filter.

### **Delay start time**

### Start the cycle whenever you want

With the timer function, the washing cycle of the dishwasher can be individually adjusted.

# Water stop and overflow sensor

Double protection against water leakage, with aqua stop and overflow sensor that self-regulates to detect any type of water leakage and prevent in time.

### Half load

### Less energy and water consumption

A convenient and cost-effective solution for less dishwashing, especially for small families who do not use a lot of dishes and bowls, with significantly economical water and energy consumption.
