SmartHome app

ActiveOpen Dry

Better drying with natural air

With ActiveOpen Dry, the dishwasher door will slightly open at the end of the cycle. This allows the residual heated moisture to escape quickly from the tub, and sufficient air to flow in and circulate. Now your dishes will be a lot drier, naturally!

Golden Hygiene Certification

Not just clean, but hygienically clean

The Golden Virus Hygiene certificate itself comes from the Institute for Integrative Hygiene and Virology, InFLuenc_H in Germany. The Golden "Level 3 Virus Hygiene" seal is a certification you can trust for the hygienic performance of the dishwashers.

Smart Home

Any time, anywhere control

Connecting to the SmartHome APP, you can control your dishwasher easily on the smart device, like choosing a cycle and a function, whenever and wherever you are, and click to start dishwashing before all clean dishes are ready for you.

*This model has the following efficiency class spectrum: A (highest efficiency) to G (lowest efficiency)

**Tested by Midea Lab. Tested Pollutant: Escherichia coli. Action Time: 60min. Anti-bacteria Rate: >99.8%.
