Smart Home

Anytime, anywhere control

Connecting to the SmartHome APP, you can control your dishwasher easily on the smart device, like choosing a cycle and a function, whenever and wherever you are, and click to start dishwashing before all clean dishes are ready for you.

Half load

Less energy and water consumption

Now you no longer have to wait until the dishwasher is finally full. Thanks to the "half load" function, you can flexibly start the dishwasher at any time, even with smaller quantities, in an energy-saving and environmentally friendly way.

*This model has the following efficiency class spectrum: A (highest efficiency) to G (lowest efficiency)
